A.R.M.E.D.: Are You Ready for the Shifting Workforce?

Getting people to work together is challenging. Office tension, competition, gossip, personal agendas, and pettiness reduce morale and productivity. How do you Attract, Recruit, Mentor, Evolve, and Develop the next generation of leaders for your organization? Do you have a succession plan for your senior people? Ten thousand baby boomers are retiring every day. How can you ensure that your employees, both new hires and your current team, are ready for upcoming roles and responsibilities? In this highly interactive session, hear how to attract talent by being attractive to current and prospective team members, how to recruit the right people, how to mentor and manage emerging employees, how to evolve, structurally and culturally to stay relevant, and how to develop the next tier of talent for future success.

Mary Kelly, PhD, Productive Leaders CEO

Building Capacity to Engage Your Constituents

Arranged by the Public Information Officers Section. Whether through apathy or life's pressures, it is hard to get people to volunteer their time to address community issues. Building capacity to host well-designed and facilitated conversations can help gather input from the public to help you make decisions that can be implemented. Get practical ideas, examples, and hands-on experience to help engage and empower your constituents!

Jen Jaray, Manitou Springs mayor; Wendy Green Lowe, P2 Solutions partner

DOLA's Technical Assistance Program for Rural Communities

The University Technical Assistance (UTA) program provides rural communities with assistance on projects that enhance places and spaces. A decades-long partnership between the Colorado Department of Local Affairs (DOLA) and the Colorado Center for Community Development (CCCD), the UTA program engages higher education students in real-world projects that benefit rural communities.

Don Sandoval, DOLA regional manager

Infrastructure for Healthy Living Drives Local Economies

Arranged by LiveWell Colorado. A primary role of municipalities is planning, designing, and building infrastructure, often referred to as the built environment. Cities and towns throughout the country have found a beneficial tie between designing and building infrastructure that provides access to healthy living – safe walking and biking, and easy access to affordable, healthy foods – and a strong local economy.

Kerstin Anderson, Dillon marketing and communications director; Jamie Hackbarth, Colorado Office of Economic Development and International Trade health and wellness strategist; Jill Mendoza, Broomfield interim director of economic development
