### **Types of Budget Processes**

- ➤Annual vs Biennial
- ≻Zero Based
- ➤Incremental
- ➢ Priority Driven
- ➢Outcome Based

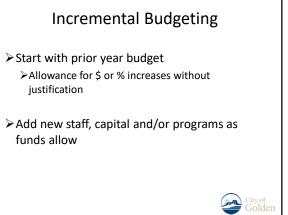

Golder

#### Zero Base Budgeting

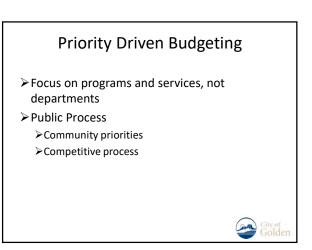

- Start from scratch each year
  "Justify your entire existence"
- Pros includes prepared alternative levels of service/funding
- > Cons labor intensive and time consuming process, information overload, not amenable to fixed mandates, encourages dog & pony shows – who wins/loses?

#### Incremental Budgeting

- Pros efficient use of time, not labor intensive, easy to calculate new budget, avoid conflict/competition between departments
- Cons allocates budget where it may not be needed, takes budget away from other areas of need, doesn't always work well with changing Council goals/priorities, may promote use it or lose it mentality

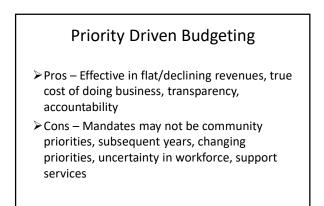

# Priority Driven Budgeting

#### ➢ Prioritize Services

Police Patrol Traffic Enforcement School Resource SWAT Drug Task Force <u>Public Works</u> Snow Plowing Street Sweeping Traffic/Street Signs Street Maintenance Street Lights

## Outcome Based Budgeting

- Desired Outcomes identified
- Costs provided to achieve outcomes
- Pros allows for private sector to bid on certain outcomes, works well with sufficient revenues
- Cons line item detail not provided, costs could be inflated
