During the 2012 session of the Colorado General Assembly, CML tracked 224 of the 630 bills and resolutions introduced. Of the bills that CML supported, 71 percent passed. Of those CML opposed, 95 percent were defeated or were amended such that the League dropped its opposition.

Each year, CML analyzes the laws passed by the General Assembly that affect cities and towns. 2012 Colorado Laws Enacted Affecting Municipal Governments focuses on selected acts that have a particular significance for municipal operations, services, and powers — it is not a comprehensive listing of all new legislation enacted into law affecting municipal government.

As CML is committed to providing you with the information you need as inexpensively and easily as possible, 2012 Colorado Laws Enacted Affecting Municipalities will be available to all for free — along with several past years’ editions — online at www.cml.org under Information > Publications.

Modifies procedural requirements related to the payment of impoundment, care, and provision costs for an animal that has been impounded because of alleged neglect or abuse or other criminal acts involving the animal. Specifies that the owner must make that request for a hearing to contest the reasonableness of costs within 10 days after the date of impoundment. Requires the hearing to be conducted in a criminal court of competent jurisdiction no later than 10 days after the request. Requires that, upon request by the owner of an impounded animal, an impound agency allow a licensed veterinarian of the owner's choosing and at his or her expense to examine the animal within 24 hours after the impoundment and conduct follow-up visits as necessary. For owners that request hearings, delays the payment of costs by the owner until the date of the hearing. Expands the scope of the hearing to include a judicial determination as to whether probable cause existed to justify the impoundment. Describes circumstances under which a payment for impoundment, care, and provision costs must be refunded to an owner. (c) (I) Beginning January 1, 2014, for each proposed rule that includes a state mandate, an agency shall provide to the director a description of:

(A) The proposed rule;

An agency shall not conduct a public rule-making proceeding unless the agency has received the written notice of compliance from the director.

A temporary or emergency rule shall become effective on adoption or on such later date as is stated in the rule, shall be published promptly, and shall have effect for not more than one hundred twenty days after its adoption or for such shorter period as may be specifically provided by the statute governing such agency, unless made permanent by compliance with subsections (3) and (4) of this section.
